ONE OF WHITE SOX BANISHED PLAYERS FILES AFFIDAVIT

Says That Boss of the White Sox Conspired to Have Detroit Lose Game to Sox in Season of 1917—Landis Says That Nobody Will Pay Much Attention to the Accusation

(By The Associated Press)
MILWAUKEE, Wis., May 11.—Fires were rekindled in the baseball scandal of 1919, when Oscar "Happy" Felsch of Milwaukee, one of the eight White Sox players banished as a result of the findings, today filed an affidavit in Milwaukee court, a step in his damage suit against the Chicago White Sox to recover salary for part of the year 1920 and for recovery of special bonus payments for the same year.

Felsch also will ask that he be recompensed for damages sustained in an alleged conspiracy maliciously to injure his reputation and to prevent him from remaining a professional ball player in the major leagues.

Court Commissioner Noel signed an order which will bring the Comiskey to Milwaukee Saturday to appear before Judge Gregory and give reasons why they should not produce the books and records of the Chicago club here in order to determine the extent of damages, back salary and bonus for the 1920 season.

FRANK O. LOWDEN DISCUSSES HIS EUROPEAN TRIP

Says Moral Influence of America is Most Potent in World

(By The Associated Press)
CHICAGO, May 11.—The moral influence of America is the most potent influence for good in all the world, former Governor Lowden, of Illinois asserted in a statement issued tonight reviewing his recent trip to Europe. He asserted that America cannot avoid participation in world affairs and added that it was better for America to participate in advance and avoid war than to wait until war was forced upon it.

Mr. Lowden declared that America was wise in staying out of the Genoa conference, stating that Europe is pursuing another shadow if it hopes for rehabilitation thru Russia under its present government.

The people of Europe, he asserted have gone back to work where they have had the opportunity and have recovered from the war more rapidly than their statesmen.

The key to the financial reform of Europe, he said, is the amount of reparations to be paid by Germany. While expressing the belief that Germany should pay all she was able to give, he asserted the amount had been made too high. Germany's apparent prosperity was only fictitious and due to inflation of her currency.

Former governor said the most depressing phenomenon in Europe today was the jealousy and bitterness between the nations of Europe. America, he believed can play a most important part in removing these jealousies, because America's motives are less distrusted.

PLAN INTERURBAN BETWEEN IOWA CITIES

(By The Associated Press)
CEDAR RAPIDS, Iowa, May 11.—Committees representing Iowa City and Cedar Rapids held a joint meeting tonight and laid preliminary plans to secure a location between the two cities on the interurban line for the proposed million dollar hospital for the ninth corps area to be erected by the government. The Veterans' Bureau will select the location and it may be anywhere in Iowa, Nebraska, Kansas or Missouri in the four states comprising the ninth corps area.

The hospital will accommodate from 500 to 1,000 wounded ex-service men. The medical facilities offered by Iowa State University and the railroad facilities will be emphasized as the reasons for location between the two cities it was decided.

MUSCLE SHOALS PROPOSITION IS AGAIN TO FRONT

Committee Receives New Offer from Maryland Man

(By The Associated Press)
WASHINGTON, May 11.—Four developments in congressional consideration of proposals for developing the Muscle Shoals, Ala., nitrate and power projects occurred today in the senate agriculture and house military committees and on the senate floor.

Chairman Norris, Nebraska of the senate committee introduced a bill providing for a semi-government corporation to take over and operate the nitrate and power projects for fifty years. The measure was submitted by J. H. Levering, a consulting engineer as a modification of the bill Senator Norris recently introduced.

The senator also made public a proposal received from L. Stern a Baltimore, Md., consulting engineer and manufacturer of chemical products. Mr. Stern's letter of transmission requested the committee to hear him at his convenience and said the formal tender would be made later the committee deciding informally to accede to the request and grant Mr. Stern a hearing.

The tentative offer of Mr. Stern provides for the operation of the nitrate and power projects for a period of 25 or 50 years or any suitable number of years that might be determined upon. It further stated that all expenses incurred by the government at Muscle Shoals would be repaid to it at the rate of 2 percent annually and contained a provision by which the government would receive sixty percent of all net profits made during the operation with the lessee retaining 40 percent.

Agreement is Reached
In the house committee an agreement was reached by which any lessee of the shoals property would be compelled to manufacture finished fertilizers whether at a profit or loss thruout the term of his operations, whether it be 50 or 100 years. An amendment to this effect was made to the bill the committee is formulating for the house in connection with its report.

Wide differences of opinion are understood to prevail in the committee over the provisions of the offer made by Henry Ford which are being discussed as the basis for the measure under construction. It was believed possible that the committeemen would be divided into three factions when the discussions were ended and as many different recommendations would be made to the house. The senate agricultural body heard Benjamin J. Marsh manager director of the farmer's national council, testify. He said the council was opposed to the Ford proposal or any other that deprived the government of control and operation of the projects at Muscle Shoals.

Attorney R. J. Cannon who started the action for Felsch, announced he soon would begin similar actions for "Buck" Weaver, Eddie Cicotte and "Swede" Rieberg of the banished Sox players.

Felsch in his affidavit states that to perfect the complaint in his original suit he desires to examine the defendant on a number of points in connection with the charges of alleged conspiracy "throwing" of games and the various financial matters. The questions prepared for submission to President Comiskey are in part as follows:

Questions to be Asked
"What agreement was made by Charles Comiskey with the players of the Chicago White Sox in the late summer or fall of 1917, concerning an attempt to have the Detroit Baseball Club fraudulently lose games to the White Sox?"

"Was an agreement made between said Charles Comiskey and certain White Sox players that such players should pay \$50 each into a fund to be paid to certain pitchers of the Detroit American League baseball team to induce the said pitchers intentionally to throw the games to the White Sox?"

"Did the defendant make an express agreement with all the members of the Chicago White Sox in the late summer or fall of 1917, whereby it agreed to pay to each member of the baseball team \$5,000 in lieu of their shares of the world's series receipts if the American pennant should be won by the Chicago White Sox for that year?"

"Was an understanding had between Charles Comiskey on behalf of the defendant in the fall of 1919 with the players of the Chicago White Sox that four games were to be deliberately lost and thrown to the Detroit American team in consideration of the services the Detroit team had given to the White Sox in 1917 in permitting itself to be defeated intentionally in eight out of nine games, and aiding the Chicago White Sox in defeating the Boston Baseball team in the race for the American League pennant?"

Eight Union Labor Leaders Indicted

(By The Associated Press)
CHICAGO, May 11.—Eight union labor leaders were named in true bills voted at a special session of the grand jury tonight in connection with the slaying of Terrance Lyons, an acting police lieutenant, yesterday, according to George E. Gorman, assistant state's attorney.

Among those named in the true bills, according to Mr. Gorman were Fred Mader, president of the Building Trades Council; "Big Tim" Murphy, of the Gas Workers' Union, and Cornelius "Con" Shea, who directed the teamsters' strike in 1904. All of them are now in the custody of police having been captured in raids yesterday.

The slaying of Lyons came as the culmination of a series of bombings blamed by the police on labor warfare in the building industry. At the same time Lyons was shot another policeman was slain and a third injured. The killings were followed by raids on union headquarters and saloons by police. More than 150 persons were taken into custody.

It was not contended by the authorities that Mader, Shea or Murphy actually had part in the slaying but their arrest and the action by the grand jury are in the same course of procedure followed at the time of the Haymarket riot of 36 years ago. None of the anarchists tried, convicted and hanged or imprisoned for the murder of policemen at that time were ever actually charged with making or throwing a bomb, but were found guilty of murder for having incited violence by their speeches or acts.

THREE ARE KILLED IN TORNADO WHICH HIT NEBRASKA TOWNS

Heavy Damage to Property and Live Stock Also Reported

(By The Associated Press)
OMAHA, Neb., May 11.—Three persons are known to have been killed and a number injured as the result of the tornado which struck in the vicinity of Lexington, Holbrook, Hildreth and Broken Bow, Nebraska, yesterday evening. Heavy damage to farm property and livestock is also reported.

Reports from Hildreth stated that B. F. Glenn and a son were electrocuted by wires blown down during the storm. Edward McArthur, 16, was killed by a flying missile when the storm struck the McArthur farm near Broken Bow. All of the buildings on the McArthur and adjoining farms have been demolished it is reported.

Estimates place the damage at Lexington, Neb., at more than \$100,000 and Ansley, a small town near Lexington, reports great property damage. Damage to farm property in the path of the storm is expected to be great.

ROCKY MOUNTAIN STATES SWEEP BY SEVERE STORMS

Wind Accompanied by Snow and Rain Damages Fruit Crops

(By The Associated Press)
DENVER, Colo., May 11.—Rocky Mountain states from Arizona to Montana have been swept by windstorms accompanied by snow and rain during the last 24 hours. Damage to fruit crops, interruption of train and wire service and loss of at least two lives are reported.

Near Trinidad, Colo., Olin Lee, ranchman and Harry Montoya, storekeeper, were killed when their automobile went off the road into a creek during a windstorm.

Two feet of snow fell in Western Colorado and Western South Dakota and in other parts of the latter state heavy rains washed out railroads and demoralized train service. Rainfall caused considerable property damage in towns in the northern Black Hills. In Wyoming between Cheyenne and Casper, two passenger trains and a freight train are reported lost by officials of the Colorado & Southern Railroad at different points in this region are down.

At Cheyenne the wind attained a velocity of 56 miles an hour.

IRREGULARITIES ARE DISCOVERED IN MISSOURI BANK

President of Bank is Being Looked for by Officers

(By The Associated Press)
MOBERLY, Mo., May 11.—Bank examiners tonight were at work inspecting the papers of the Farmers and Merchants bank which was closed last night. They announced today that they had found a second note which they believed to have been forged and included it in the questionable paper of the closed bank.

The note was for \$3,500 and against "Edward C. Doyle."

It was believed that the name was meant for Edwin O. Doyle, a local attorney. Tonight Mr. Doyle said that if such a note were on file in the bank it was forged. The bank examiners announced it will be several days before anything definite can be ascertained as to the institution's condition.

J. W. Bundridge, missing president of the bank, has not been found, officers said tonight.

It was reported that his car had been found near Macon but this report could not be confirmed.

Verne Bundridge, cashier and brother of the president, who is held under bond on a forged charge, said he knew nothing of any shortage which might exist in the bank's funds.

WALL STREET IS GIVEN THRILL BY BIG STEEL MERGER

Bethlehem Absorbs Stock of Lackawanna Steel Company

(By The Associated Press)
NEW YORK, May 11.—Purchase of the Lackawanna Steel company of Lackawanna, N. Y., by the Bethlehem Steel corporation involving the use of Bethlehem seven percent preferred and Class B common stocks in payment for the properties was announced today by Eugene G. Grace, president of the Bethlehem organization. News of the merger which became known just before the stock market closed gave Wall street a real thrill. Lackawanna Steel made a net gain of seven points closing at 65 3/4. There were 73 sales, totalling 17,100 shares in the last hour, the largest sale of 1,400 shares being disposed of at 66, the top price and a new high record for the.

Of the day's trading 11,000 shares, 4,700 were disposed of in the final hour. Shares of the Republic Iron and Steel Company and the Midvale Steel company the only stocks in addition to the Lackawanna which were included in the proposed merger of seven independent steel companies and traded in on the big board, also showed substantial gains.

Thomas L. Chadbourne who has been handling the legal affairs in connection with the proposed merger of seven independent companies declared that withdrawal of the Lackawanna company would not cause an abandonment of the plans, which would be concluded on a six company basis. In addition to Republic and Midvale, these companies are the Youngstown Sheet & Tube, Edgar & Clark, Inland Steel company and the Steel & Tube company of America.

News Comes as Surprise
News of the Lackawanna Bethlehem merger came as a great surprise not only to the financial district in general but to the executives of the independent steel companies.

Directors of the Bethlehem and Lackawanna companies will hold meetings in their respective offices next Tuesday to confirm the merger, which is regarded as a foregone conclusion. On the same day the executives of the independent companies will meet with representatives of Kuhn, Loeb & Co., bankers, to arrange the financing of the independent merger, which will involve an exchange of securities and cash and the formation of a new holding company or the enlargement of one of the existing companies.

Mr. Grace in a talk with newspapermen declared that the Lackawanna purchase has no connection with the independent merger, which will involve an exchange of securities and cash and the formation of a new holding company or the enlargement of one of the existing companies.

OPENING STATEMENT IN SMALL CASE IS MADE BY MORTIMER

Sangamon County State's Attorney Makes a Three Hours' Address Outlining What the State Will Attempt to Show—LeForgee to State Defendant's Case This Morning

(By The Associated Press)
WAUKEGAN, Ill., May 11.—The state will attempt to show in the trial of Governor Len Small that the governor and his fellow defendants in the alleged conspiracy to embezzle state funds, "combined and agreed together by means of false pretenses to cheat and defraud the state of Illinois, out of between \$1,500,000 and \$2,000,000." State's Attorney Mortimer of Sangamon county told the jury in his opening statement today.

Mr. Mortimer, speaking for more than three hours, described the state's case and the details of the alleged conspiracy. He told the jurors that Governor Small, Vernon Curtis and the late Senator Edward Curtis, formed a conspiracy in the spring of April, 1917, shortly after Mr. Small assumed office as state treasurer and that it continued thru his two year term and that of Mr. Sterling who succeeded him. The latter became a party to the conspiracy when he became treasurer in January, 1919, the state's attorney said.

The prosecutor described at length the "so-called Grant Park Bank" which the state contends, was "a fictitious bank."

It was under this name the state claims that \$10,000,000 of state funds were loaned to five Chicago packing houses at from seven to eight and a half percent interest, of which, it is claimed not over 2 percent was paid to the state.

"It was a false pretense," Mr. Mortimer said. "The Grant Park Bank was a dummy, it was a fiction, it was a vast pocket bank, as the evidence will show."

Describe the Grant Park Bank
"It was wherever the hat of Edward Curtis was and after his death wherever the hat of Vernon Curtis was. It had no banking house, it had no employees, it had no president, it had no cashier, it was a fiction; it was a fraud, it was the means by the use of that name, as the evidence will show, to cheat and defraud."

C. C. LeForgee of the defense objected to the description of the bank.

"I do not like to be captious about it, but it seems to me that a statement of facts is all that is necessary rather than to argue the statement could stand. Mr. Mortimer told the jury that Mr. Small issued state treasurer checks for various amounts up to a million dollars, payable to the Grant Park Bank. These checks, he said were deposited in the Port Dearborn Bank of Chicago. Then Edward Curtis and after his death, Vernon Curtis would take cashier's checks of the Port Dearborn Bank and go over to the Livestock Exchange Bank, where they purchased notes of the packing companies. These notes, he said, never were deposited in the state treasurer's office and all the treasurer had to show for the money was a certificate of deposit from the "so-called Grant Park Bank."

Vernon Curtis ordered 500 demand certificates of deposit and 400 time deposits for the Grant Park Bank on April 21, 1917, having them printed by a Chicago printer, Mr. Mortimer said. Two days later, Curtis also ordered a supply of letter heads from the same firm. The bills for the printing were sent not to Grant Park Bank, but to the Curtis Trust Company of Grant Park, a legitimate banking institution owned by the two Curtis brothers, Mr. Mortimer said.

"There never was a dollar, we will offer to show," Mr. Mortimer said, of the money paid out to the so-called Grant Park Bank that was ever deposited in any Grant Park Bank. We will offer to show that of the millions of dollars taken from the state treasury under this general method by Small and then by Sterling that the Grant Park Bank never remitted in the name of the Grant Park Bank one single dollar of interest to the state, not one dime."

"The evidence will show, and we will offer to prove that nearly \$29,000,000 of the money of the state went into the so-called safe account, a false pretense, the use of Len Small, Ed Curtis, Vernon Curtis and Fred Sterling to cheat and defraud the people of this state."

"When the safe account was opened the chief clerk, we will offer to show, had instructions from the defendant, Len Small to send no interest notices to any co-defendant."

RUSSIAN REPLY IS REGARDED AS CONCILIATORY

Suggests That Financial Problems be Referred to Experts

(By The Associated Press)
GENOA, May 11.—Russia's reply to the allied memorandum, presented today to Signor Schanzer, president of the economic congress, is regarded as conciliatory. At least, it is considered a basis for further negotiations.

Its suggestion that all the tangled financial problems be submitted to a mixed committee of experts named by the Genoa conference provided a means of escape from the present superheated atmosphere, which appears to be unfavorable for the settlement of the myriad questions arising from the Russian situation.

England regards the reply as moderately conciliatory, as also does Italy. The Italian foreign minister has been working day and night to prevent a break which seemed imminent thru the opposition of France and Belgium to the settlement of the property question which Great Britain and the lesser powers will approve.

France expresses greater disappointment at the reply and Belgium is far from satisfied.

Meantime the future of the conference is uncertain. Some delegations believe that it will close precipitately or perhaps it would be truer to say that they hope it will. Other delegates predict that it will last six weeks longer and go into the Russian financial tangle in great detail. The latter seem to be in the majority and indications tonight are that the conference may be prolonged indefinitely.

LEWIS SAYS MINERS ARE NOT TALKING

SPRINGFIELD, Ill., May 11.—President John L. Lewis of the United Mine Workers of America today called attention to the "remarkable strike of the coal miners of the country which has progressed thus far without strife or violence and will continue, he said until the operators get tired and agree to negotiations. Mr. Lewis will leave for Indianapolis tomorrow morning."

"There are even no loud speeches coming from the miners," Mr. Lewis said, "the strike is very noticeably peaceful. There have been a few minor disturbances where mine guards and miners got in a mixup, but on the whole there has been nothing but peacefulness."

Out in the cities of the west if a man commits a violent crime he is very likely to be quickly "bumped off" by an officer of the law or by some avenger. They are quick on the trigger in some of the cities of the western plains. Yet those men of the west who are accustomed to the quick draw read with horror of the killing and bombing and other acts of violence in some of our great cities. These men simply cannot understand how such things happen, and yet the people of the cities look upon the west as—well, not fully civilized.

SOCIETY
Entertain Girls at Picnic.
The Sigma Phi Epsilon society of Illinois College entertained a number of Jacksonville girls yesterday afternoon at a picnic given at Nichols Park. This was one of the rushing events given by the society and about fifteen guests were invited. An excellent picnic supper was served at the lake at six o'clock and the rest of the time was spent in the recreation grounds of the park. The committee in charge of the picnic included Chaeva Thomas, Violet Murphy, Levene Shunk, Margaret Pencil, Helen Jones and Vivian Yeldell.

Part of the program was a paper on the subject by Miss Amy Oaken of Chapin who was unable to be present. A short social hour closed the afternoon. The next meeting of the club will be held on October 5th.

Mrs. J. J. Vasey entertained the members of the Mound Woman's Country Club yesterday afternoon at her home west of the city. She was assisted in entertaining by Mrs. T. J. Packard.
"Noble Caves of the United States" was the subject of a paper written by Mrs. Howard Cully. As Mrs. Cully is in Oklahoma the paper was read by her sister Miss Bessie Hopper. Miss Louise Zachary sang a group of songs and the members answered roll call with Natural Wonders of the Country. The round table talk was on "Morgan County Heroes." The Mound Woman's Club was the first club in the city to subscribe money for the relief of flood sufferers and yesterday a considerable amount of money was added to the \$25 given by the members when the drive was first opened. A pleasant social hour and the serving of delightful refreshments closed the afternoon.

Francis.
The remains of John Francis, prominent Nebo farmer, who passed away at a local hospital at 7 o'clock Thursday morning were prepared for burial at the Reynolds Mortuary and later in the day were taken to Nebo. Mr. Francis was 67 years old. The remains were accompanied by the widow and other relatives from Jacksonville to the old home.
Drovish.
Miss Emma D. Drovish of this city passed away at 3 o'clock on Thursday morning at a local hospital. The decedent was born in Decatur Feb. 3, 1887. She is survived by her parents and two brothers, F. L. and J. R. Washburn and one sister, Mrs. H. V. Strope all of Decatur.
The remains were taken to the residence of the parents, Mr. and Mrs. R. C. Washburn, 1357 South Clay avenue, where the funeral services will be conducted at four o'clock Sunday afternoon. The body will be temporarily interred at Diamond Grove cemetery and at a later date will be taken to Decatur for burial.
Stanley.
Miss Lula Mae Stanley of Jacksonville died Thursday morning at 3 o'clock at Maplecrest sanatorium, where she was a nurse for several years. She was in ill health for several months prior to her death. She was born at Wolf Creek, Ill., Nov. 29, 1894, and was the daughter of the late William N. and Sarah Vanell Stanley and is survived by her two sisters Mrs. Frank Cannon and Mrs. Paul Hempel, both of Jacksonville and one brother Fred Stanley of Colorado Springs, Colo. She was a member of the Methodist church. The remains were taken to the Gillham Funeral Home where the funeral rites will be administered at 2 o'clock Friday afternoon by Rev. M. L. Pontius pastor of Central Christian church. Interment will be made in Diamond Grove cemetery.
Friends wishing to view the remains may do so after 12 o'clock Friday noon at the Gillham Funeral Home.

Entertains Sunday School Class.
Miss Edna Aldrich was hostess to the members of her Sunday school class last evening at her home on North Church street. This is a class of high school young people taught by C. W. Lent of the Grace church Sunday school. The pleasant evening was spent with games and music, and an attractive supper was served during the hours. Miss Helen Hansen assisted the hostess in entertaining.
Lutheran Aid Met Thursday.
The Ladies Aid Society of the Lutheran church met yesterday afternoon at the home of Mrs. Chris Henze on North Church street. The regular business meeting was held in charge of Mrs. Phillip Schulz, the president of the society. A most delightful social afternoon was spent with sewing and conversation and at six o'clock Mrs. Henze served an attractive supper. There were about twenty-five ladies present and the affair was a very pleasant and successful one.
Hostess to Card Club.
Mrs. Charles Harmon entertained the members of her bridge club yesterday afternoon at her home on Grove street. Two tables of cards were made up and the afternoon hours delightfully spent in playing. At the close of the playing an attractive luncheon was served. Mrs. George Emerick of Wichita, Kansas, who is a guest of Mrs. Harmon's was a special guest at the club yesterday.
Mrs. Waddell Hostess at Tea.
One of the most charming events of the spring season in Jacksonville was the afternoon reception tea given Thursday by Mrs. F. J. Waddell at her home in Duncan Place. The affair was given in honor of Mrs. R. Y. Rowe of this city and over two hundred guests were invited to the function. In the receiving line with Mrs. Waddell were Mrs. R. Y. Rowe and Dr. Ruth Fairbank of Baltimore, Maryland.
The Waddell home was profusely and attractively decorated with quantities of lovely spring flowers and the function was one of the prettiest of the season. In the dining room where tea was served a lovely color scheme of blue and pink was carried out. The hours of the reception were from three o'clock until six.
The hostess was assisted in entertaining by Mrs. F. H. Rowe, Mrs. Paul Samuel, Mrs. E. E. Crabtree, Mrs. A. R. Gregory, Mrs. Helen Jordan, Miss Jordan, Mrs. D. G. Stine, of Columbus, Mo., Miss Ethel Wylder, Mrs. F. J. Andrews, Mrs. J. W. Hairgrove, Mrs. A. M. Masters, Mrs. H. H. Bancroft, Mrs. Garm Norbury, Mrs. Joel Hubble, Mrs. John L. Johnson, Mrs. C. A. SURPRISE PARTY AT
MURRAYVILLE HOME

Mrs. Edwin Cade Given Pleasant Surprise By Members of Golden Rule S. S. Class of Woodson Christian Church.

Murrayville, May 11. — The members of the Golden Rule Bible class of the Woodson Christian church planned and executed a very pleasant surprise for Mrs. Edwin Cade, a former resident of Woodson. The affair was in honor of Mrs. Cade's birthday and she was taken altogether by surprise when the class members arrived at her home early Thursday morning.

The guests brought with them well filled baskets of good things to eat and at noon a beautiful dinner was served to twenty-five or more guests.

The table was prettily decorated with spring flowers and there were also flowers in the living room. The afternoon was very pleasantly spent socially, and when the guests departed it was with the hope that they may help Mrs. Cade celebrate many other such anniversaries.

The guests were Mrs. James Galloway, Mrs. Nettie Ezard, Mrs. Emma Taylor, Mrs. Ida Megginson, Mrs. Maggie Kitzer, Mrs. Lucy Grander, Mrs. Sarah Crain, Mrs. Fannie Harney, Mrs. Ethel Harney and little daughter; Mrs. J. H. Shirley, Mrs. Watt, Mrs. Humphrey and little daughter; Mrs. Lucilla Henry and son, all of Woodson; Mr. and Mrs. Harry Cade and family of Murrayville.

CIRCUIT COURT IS
ADJOURNED TEN DAYS

Judge F. W. Burton Will Return May 22nd. — Various Orders Entered Yesterday — Grand Jury to Meet Again Next Wednesday.

Judge Burton adjourned the circuit court yesterday after entering a number of orders and will return Monday, May 22. Judge Burton as not fully recovered from a previous illness and it is on account of illness that he adjourned court at this time.

It was expected that the grand jury would file its report at 10 o'clock Thursday morning but at that hour State's Attorney Robinson on behalf of the jury told Judge Burton that the investigation of one case had not been concluded. It is understood that the grand jury is to meet again Wednesday, May 17.

The docket shows entries in the following cases as noted:

In the appeal case of Elzie Harmon, an order of dismissal was made by the state's attorney.

The case of the people against Oliver Hamm, charged with assault with a deadly weapon, was transferred to the county court.

In the suit of George W. Caruthers vs. Homer Rason, an action in assumpsit, demurrer to the plea in abatement was sustained and leave given the defendant until May 22 to plead.

In the bill of the Mauvaisterre Drainage & Levee district against John Frank, et al., the master's report of sale was approved.

In the partition proceedings of Lillian M. Bateman, et al., vs. Little B. Norma, et al., the master's report of final distribution was filed and approved and the cause stricken.

Master in Chancery, English made his final report of distribution in the partition of John H. Wilker, et al., vs. Thia Kuper, et al., and the same was approved.

In another partition proceedings James S. Landreth, et al., vs. Roy E. Landreth, et al., the master filed his report and it was approved.

In the suit of Joseph W. Walton vs. Susan B. Dillon, et al., brought to quiet title, proof of notice by publication was given and the matter was referred to the master in chancery to take evidence. This is a proceeding brought by Dr. F. M. Rule as trustee of the Alexander Smith estate to clear up certain errors of title to the Park hotel property.

In the divorce suit of Mrs. Annie Hoffman against Otis Hoffman, the court entered a decree for divorce, based on the charges made in the declaration.

At a conference of members of the bar in the court the docket was set for the week beginning Monday, May 22. The jurors summoned for the first and second weeks of the term have been discharged.

Monday.
Guy E. Rook vs. Walker D. Hines, director general of railroads and the C. & A. railroad.

Arthur Swain vs. James Cox Davis, director general of railroads and the C. & A. railroad.

SHOTS FIRED IN HIS AUTOMOBILE

(By The Associated Press)
 CHARLESTON, W. V., May 11.—A new step in the state's case against William Blizzard, charged with treason, was brought into testimony today when S. P. Embury of Clothier declared that more than 100 shots were fired into his automobile on the night of August 22 by a group of armed men in the road. Alva Rowe, another witness on the stand late today

testified that the armed men concerned in the march and fighting around Blair "seemed to listen to Blizzard and seem to be under him. The defense was turned back again today in its efforts to cross question in detail on an exchange of shots near Sharples, between state police and Logan county deputy sheriffs on one side and a group of miners on the other in which two miners were killed and two wounded. It has been argued several times by H. W. Houston, chief defense counsel and his assistant that the Sharples clash was the cause of the renewed activities of the miners.

OPENING STATEMENT IN SMALL CASE IS MADE BY MORTIMER

(Continued from Page One.)
 called Grant Park Bank. Every other bank in Illinois as the evidence will show received monthly notices to remit their interest when due but as part of the scheme the basis of which was the safe account and the bogus Grant Park Bank, no interest notice were ever sent to the so-called Grant Park Bank.

After Mr. Small's term expired and Mr. Sterling took over the treasurer's office in January, 1919, Mr. Mortimer said, Mr. Small was continued on the payroll as investigator of securities at a salary of \$5,000 a year.

"From the very beginning of this unlawful federation and agreement the prosecutor said we purpose to show that there was never a moment in the period of four years that this defendant, eased to have an active, working absolute part in this conspiracy, but false pretenses to cheat and defraud the state."

LeForge Will Reply Today
 C. C. LeForge, chief counsel for the governor tomorrow will reply to the state's opening statement and the case then will be adjourned until Monday when taking of evidence probably will start unless Mr. LeForge renews his proposal to discuss points of law.

REPORT ON BUREAU OF PRINTING AND ENGRAVING COMPLETED

Will Show No Serious Irregularities Officials Say

(By The Associated Press)
 WASHINGTON, May 11.—The report of the special committee named by Secretary Mellon to make an inventory of the stock of the bureau of engraving and printing after a shakeup in the personnel there by order of President Harding, has been virtually completed, it was said tonight at the treasury.

According to treasury officials the inventory will show no serious irregularities altho it is expected minor discrepancies in the millions of dollars of supplies charged to the bureau will be reported.

The completed report, officials said, which will itemize the stock of the great plant checked against the books, probably will be transmitted to Mr. Mellon tomorrow, who will transmit the result of the inventory to President Harding. In view of the president's absence from the city over the week-end, it is probable that the report will not be made public for several days.

The full report, it was explained, will contain the discrepancies found at the time of the last previous inventory in 1920, when some special sheets of paper used in the printing of bonds were found to be missing.

"HAPPY" FELSCH ACCUSES COMISKEY

(Continued from Page One.)
 Oscar Felsch at Milwaukee today in connection with his suit to recover back pay and damages from the White Sox club.

Persons familiar with the investigation of the 1919 world series scandal and the resultant trial of eight White Sox players charged with throwing games to Cincinnati recalled that the 1917 Detroit-Chicago incident was given a thorough airing at that time.

Baseball Commissioner Landis expressed little interest in Felsch's affidavit.

"I guess no one will pay much attention to what Felsch said," he remarked.

Charles A. Comiskey could not be reached tonight and Louis Comiskey, his son, was out of town.

Detroit Surprised
 DETROIT, Mich., April 11.—Reports from Milwaukee of Happy Felsch's allegations in reference to a purported fund raised by the Chicago White Sox in 1917, to have thrown by Detroit, came as a surprise to officials of the Tigers, it was said this afternoon.

Charles Navin, secretary of the Tigers said the local club officials had never received any intimation that an attempt was made to bribe Detroit players.

President Navin is in Louisville.

TRINITY CHURCH TO OBSERVE ANNIVERSARY

Historic Edifice Has Been in Existence for 225 Years—Two Special Services Today.

NEW YORK—Historic Trinity Church on lower Broadway tomorrow celebrates with two special services on the 225th anniversary of the granting of its charter by King William III of England.

Bishop William Thomas Manning and Rev. Dr. Charles L. Slattery of Grace church will officiate at the morning service and Bishop Daniel Sylvester Tuttle of St. Louis, presiding Bishop of the church, at the afternoon service. On May 6, 1697, a group of New Yorkers describing themselves as the "managers of the affairs of the church of England" asked Governor Fletcher for an act of incorporation in conformity with the Ministry Act of 1693. The charter was granted the same day.

The original charter covers three large sheets of parchment. It is written in antique style, with a great seal of red wax. The document still is well preserved. The preamble sets forth that there was then no public church or building within the city and that Trinity was to be a parish church. The rector was declared to be "a good and sufficient protestant minister" and the church wardens and vestrymen of the city of New York were required to pay to him "the sums which, according to the provisions of the said act, they were required to raise for the support of the ministry in the city, and in case of their failing to do so, the rector for the time being was authorized to bring an action against them in any court of record within the province."

Before the charter had been granted construction of a church had been begun. The corporation at this time had no productive estate and to help defray expenses the governor granted a patent for wrecks and drift whales. This patent authorized the wardens to seize all wrecks, drift whales and whatsoever else drives from the high sea and is then lost below high water mark and not having a lawful owner within bounds and limits of his majesty's province of New York.

Whales proving somewhat scarce, funds had to be raised by contribution, subscriptions and loans. A group of Jews contributed to a special fund for erection of the steeple.

JUDGE SAMUELL GIVES BOOTLEGGERS HEAVY FINE

R. J. Lair appeared in the county court and Judge Samuell gave him 60 days in jail and a fine of \$200 and costs on a bootlegging charge. Lair is the man who led Sheriff Weatherford and Deputy Wright such a merry chase. In sentencing the man Judge Samuell said that since he knew enough to try to lead the officers outside the county boundaries, that he certainly knew he was violating the law. The court therefore endeavored to make the penalty fit the crime.

POSTMASTER GENERAL TO VISIT SPRINGFIELD, May 29

The postmaster general, Dr. Hubert Work, is to be in Springfield, Saturday, May 20, when he will make an address at the Mid-day Lunch club at the Leland. "Postal Service" will be the postmaster general's theme. It is expected that men representing the postal department in various cities of central Illinois will be in Springfield for the address.

POSTOFFICE DEPARTMENT INSURANCE BUSINESS

BALTIMORE, Md., May 11.—First assistant postmaster general Bartlett addressing the Baltimore Life Underwriters' association tonight declared that in the last year the postoffice department which he described as "an insurance company of considerable proportions," paid about \$5,000,000 in losses "altho our maximum policy was only \$100, and our average loss about \$12."

FRANKLIN TO HAVE A PARENT-TEACHER ASS'N

There is to be a community meeting in Franklin in the near future, when the formation of a Parent-Teacher association will be considered. A committee was appointed some time ago to investigate the desirability of such an organization in Franklin and the committee has made a favorable report in the matter. The committee, which was appointed by B. E. Asplund of the community high school, included Mrs. W. M. Rees, Mrs. M. D. Henderson and Mrs. I. L. Sears.

GRACE CHURCH S. S. CLASS HAD BANQUET

Pleasant Event Thursday Evening
Marked Close of Contest In
Men's Bible Class of Grace
Church.

Members of the Men's Bible
class of Grace M. E. church en-
joyed a banquet at the church
Thursday evening the affair being
the culmination of a contest which
has been waged for the past three
months. The class was divided
into two groups, the "Reds" being
captained by S. O. Shuff and the
"Blues" by Amos Swain. The
contest was so close that it was
decided to call it a tie.

The banquet was served by the
men and was a success in every
respect. Fred Hopper and How-
ard Vully were in charge of the
kitchen, while James I. Graham
and Arthur Cody presided in the
dining room.

After the banquet came an ex-
cellent program, arranged by
James W. Breckon, the president
of the class. The orchestra fur-
nished a number of selections
and there were two quartet num-
bers by the male quartet of the
class, which includes, H. A. Litt-
ler, Norman Campbell, Frank
Phipps and W. A. Lucas. There
was a brief talk by W. F. Best of
Illinois College and a solo by W.
A. Lucas.

The speaker of the evening was
Rev. Arthur Ray Drummond of
Pittsfield, whose theme was
"Jack the Giant Killer." Rev. Mr.
Drummond is a speaker of no small
ability and the seventy or more
men present last night found his
remarks exceedingly interesting.
The company was favored by two
readings given by Miss Eula
Priest, and the program also in-
cluded short talks by J. J. Reeve.

teacher of the class, and by Dr.
J. R. Harker. The benediction
was pronounced by Dr. F. M.
Rule.

PROTECT YOUR CLOTHES AND FURS FROM MOTHS
—Do it the sure, convenient, inexpensive way

Keep your garments, wraps and bedding stored in a well-made, moth-killing

Genuine Red Cedar Chest

Millions of dollars worth of clothing,
furs, blankets and textile goods are
destroyed every year by the ravages of
moth-worms.

The United States Department
of Agriculture recently had a series
of tests conducted to determine the

value of Red Cedar Chests as protection
against damage by moths. The De-
partment's Report shows how these
chests "are effective in protecting
fabrics from clothes-moth attacks"—
because "cedar chests do kill young
larvae" (moth-worms.)

This is Cedar Chest Week—May 15th to 20th

We have a complete stock of these Chests ready for your inspection
in a variety of styles, designs and prices, and in finishes which will match
period furniture.

Now, when you are getting ready to lay away your Winter things,
is the time to get one of these Chests and make sure of safe storage
for your clothing and furs.

Come in and ask us for a copy of this valuable booklet. It tells what
the Department of Agriculture tests proved about the value of Cedar
Chests and how to care for your garments to insure their safety.

Your copy is here, ready for you, with our compliments—no charge.

NEWS OF THE SPORT WORLD

INTERSCHOLASTIC MEET TOMORROW

Seventh Annual Meet to be Held on Illinois Field — Wesleyan and Illinois Hold Dual Meet in Morning.

Plans are practically complete for the seventh annual track and field meet and intellectual contests of Illinois college which are to be held today and tomorrow.

Many schools have entered in the meet this year and it would be hard to pick a winner as all of the events promise to be highly competitive and the points may be split up. Greenfield comes back again, and while she has an excellent team she will find the competition keener than in the Eastern Illinois.

As an added attraction to the interscholastic Illinois College and Illinois Wesleyan will hold a dual track meet on Illinois field Saturday morning. All visiting students will be guests of the college at this meet.

It will be the first appearance of the Blue and White squad on the home field. Last week Illinois lost to Bradley at Peoria. However, Bradley had the advantage of two previous meets. Illinois should be in better shape tomorrow and should be able to give Wesleyan a trimming.

The following are the schools and names of entrants in the interscholastic track and field meet.

INDEES WILL OPEN THE SEASON SUNDAY

Strong Myers Brothers will be Opponents—Games will be Played at South Side Park.

Manager Frank Smith announced yesterday that the work on the stands and grounds at South Side Park were practically complete for the opening game of the season Sunday with Myers Brothers of Springfield.

Some days ago Mr. Smith negotiated a lease with Guy Thook for the South Side Park where the games have been played the past two years. Since then he has had men busy getting the grounds in shape and everything will be in readiness for the opening game.

Myers Brothers always a strong aggregation will have an advantage over the locals as they have already played several games and won all of them. However the Indies expect to give the visitors a run for their money.

While Manager Smith has not selected a definite lineup he has quite a number of players signed up for the team. The men from whom he will select his Sunday lineup are as follows:

Catchers—Christopher, Zell, Reifer.

Pitchers—Ginger, Seymour, Boggs.

Infielders—Devlin, Burkery, DeFrates, Rowe, Wheeler.

Outfielders—Reish, Sublet, Hamm, Points, Eoffs.

From this number Smith should be able to pick a good fast team and fans should give him liberal support as it takes money to keep a baseball team going.

ST. LOUIS MADE IT THREE OUT OF FOUR

WASHINGTON, May 11.—St. Louis made it three out of four games by taking the final of the series today, 5 to 3. The Browns runs all were scored in one inning four of them due to faulty fielding by Gandy and Bush.

Prueitt and Bayne both were wild but the Senators obtained only 4 scattered hits.

Score:—
St. Louis 000 950 000-5 7 1
Wash 000 030 000-3 4 4
Prueitt, Bayne, Shocker and Severoid; Zachary, Phillips, Brillheart and Garrity.

BRITTON WILL FIGHT BENNY LEONARD

NEW YORK, May 11.—Jack Britton, welter-weight champion and Benny Leonard, light-weight champion, were matched for a bout to be fought about June 1st. The promoters reserved the right to make it a 12-round no-decision affair for Jersey City, or a 15 round decision match at New York.

BALL PLAYER KILLED BY ELECTRIC WIRE

EDWARDSVILLE, Ill., May 11.—Joseph Bayer, a semi-professional ball player, who had signed a contract with a Toledo, Ohio team, was killed when he came in contact with a charged wire here yesterday. Bayer was a line-man and was to have departed last night for Toledo. He was 29 years old.

HIGH SCORE IN GIRLS' BASEBALL GAME

LOS ANGELES, May 11.—Girls baseball teams of the University of Southern California and Occidental College met yesterday on the former's diamond in a 7 inning game, which ended with a score of 66 to 16 in favor of U. S. C. At the end of the fifth inning the score was 30 to 7. Home runs were too numerous to tabulate.

The contest would have gone the regulation nine innings had one of the players torn a hole in her stocking. She refused to play any more until repairs had been made. The delay shortened the contest to seven innings.

TIGERS MAKE IT FOUR STRAIGHT

BOSTON, May 11.—Detroit made it four straight by defeating Boston 5 to 3 today. Stoner relieved Johnson in the third and pitched effectively. Cobb's single in the third scored two runs. Liebold hit well and his fielding was sensational.

CARPENTIER HAS EASY PICKING

Knocks Out Kid Lewis in First Round After Two Minutes and Fifteen Seconds of Fighting.

LONDON, May 11.—Georges Carpentier knocked out Ted (Kid) Lewis in the first round of their scheduled 20-round fight for the world's light heavyweight championship fight tonight, after two minutes and fifteen seconds of fighting.

When the bell rang for the start of the fight Lewis rushed and got at his opponent. They clinched and the referee stopped the fight and warned both men. Lewis rushed again and caught Carpentier with a couple of lefts and rights. Carpentier held and was warned by the referee who was being kept busy. Carpentier tried his right and missed one to the jaw. They again clinched and on the breakaway Carpentier with a right to the jaw sent Lewis to the boards to be counted out.

It was a most sensational round and a sensational finish. Carpentier was holding and hit his man on the breakaway. He was entitled to do this but spectators raised a clamor. There were many cries of "foul" and the Frenchman, as he retired to his dressing room after he had knocked out Lewis was hooted by a section of the crowd.

Carpentier weighed 175 pounds the light heavy weight limit, while Lewis tipped the scales at 157 pounds with his clothes on when the fighters were weighed in this afternoon. Jack Dempsey the world's heavy weight champion was the first man after Francis Descamps to congratulate Carpentier after the knockout.

The Great Olympia amphitheater held a record crowd, for the battle had attracted wide spread interest. Hundreds of handsomely gowned women were among the spectators. Dempsey was applauded as he entered the arena.

Lewis took the aggressive at the start and after two clinches continued his aggressor. He then got in two lefts on Carpentier and the crowd loudly cheered him. Carpentier closed in and held on. Again the referee reproved him. Lewis forced the Frenchman into a corner and there was a rapid exchange of body blows in which Lewis had the advantage. Carpentier then forced his opponent into the center of the ring. The Frenchman missed with a right and Lewis sent his right to Carpentier's neck. Another clinch followed and the referee separated the men. Carpentier uppercut Lewis and also sent in a hook blow as they were coming out of a clinch. Lewis glanced appealingly at Palmer. Then, following the Frenchman's tactics Lewis jabbed as they separated. Lewis dropped his guard and Carpentier feinted with his left and simultaneously flashed the right from his shoulder to Lewis' jaw. It seemed the merest tap, but it had sufficient force behind it to send Lewis on the canvass for the count of ten and for the fifth knockout victory for Carpentier in less than a round.

When Lewis was taken to his corner he sat dazed, but with his eyes blinking as Carpentier walked around the ring smiling and acknowledging the mild applause accorded. Supporters of Lewis protested to the referee and ring officials against the decision declaring it was unfair.

Bets of four to one on Carpentier were laid at the ringside.

DEMPSEY WILL BE OFFERED FIGHT

If Match is Made it May be Held in Montreal—Date Will be July 1, Dominion Day.

NEW YORK, May 11.—When heavyweight champion Jack Dempsey returns to America, May 20, he will be offered a bout with Harry Wills, negro challenger.

If the title holder accepts the contest probably will be staged in Montreal. Much depends on Dempsey's willingness to meet Wills and his terms for such a match.

Efforts to communicate with Dempsey by cable concerning the bout having proved unsatisfactory the promoters decided to postpone action until the champion, who will sail Saturday, reaches this country. If Dempsey agrees to sign for a reasonable sum negotiations will be opened with Wills and Montreal sportsmen.

Arrangements for the bout also would involve Jesse Willard, former champion, who has been tentatively promised another date with his conqueror in Jersey City during September. If Dempsey agrees to meet Wills, the Kansas Giant will be asked to begin active training at once to meet the winner.

The bout will be held Saturday, July 1, Dominion Day.

DOAK HELD GIANTS TO ONE HIT; CADETS WIN

ST. LOUIS, May 11.—Bill Doak held the champion Giants to one hit this afternoon the Cardinals winning 2 to 0. The hit was made by Bancroft in his first time at bat when he placed a perfect bunt along the first base line. Two years ago Doak was robbed of a no-hit game on a similar play.

YANKEES MAKE IT THREE OUT OF FOUR

McClellan's Muff in Seventh Allows Two Runners to Score—Jones and Fabe Both Pitch Well.

NEW YORK, May 11.—New York made it three out of four from Chicago today winning 4 to 1. Both Jones and Fabe pitched well and the Yankees won by reason of a lucky break in the seventh inning. With two out, Schang on third and Jones on second, McClellan muffed a high infield fly by Fawcett, both runners scoring.

Take Ten Inning Game and Cubs Drop From Second to Fourth Place—Keene's Wildness Helps Win.

CHICAGO, May 11.—Chicago dropped from second to fourth place today when Philadelphia took a 10 inning game from the Cubs 11 to 9, while St. Louis and Pittsburgh won their games.

Walker's single, with the bases filled in the last inning, a result of Keen's wildness, enabled the visitors to clinch the game.

MOTHER'S DAY
By Henry Polk Lowenstein

O Mother's day, so bright and fair
Is spreading sunshine everywhere,
And now I see her sainted face,
Her lovely smile and angel grace,
And hear her sacred evening prayer.

I hear her footsteps on the stair,
And see the silver in her hair,
And feel her touch and warm embrace,
O Mother's day!

I see the little mound out there,
Neath which she sleeps without a care;
And in that lonely, silent place,
There's not a single sound, or trace
Of sorrow, anguish, or despair,
O Mother's day!

GOLD STAR MOTHERS GUESTS OF LEGION

Service Star Legion entertained Mothers Who Lost Sons in Service of Country.

The local Service Star Legion held a special meeting Thursday afternoon at the home of Mrs. A. T. Capps on North Church street. Gold Star mothers were the special guests of the occasion, which was in observance of National Gold Star Mothers' Day.

An attractive program had been arranged for the afternoon, opening with the salute to the flag. This was followed by two patriotic songs by the company. Miss Etile Epler was then introduced by Mrs. Frances Brown, the president of the Legion, and made a most interesting address.

Miss Epler's theme was "Some Haunts of Emperor Napoleon," and she told of the impressions she received when she visited the spots made famous by the great French general. Miss Epler's address was followed by a group of readings by a novel of Miss Jeanette Powell in the expression department of the Woman's College. A social time followed the program and delicious refreshments were served.

The honor guests were Mrs. George Sooy, Mrs. R. A. Gates, Mrs. Patrick Dowling, Mrs. William Phalen, Mrs. L. J. Kemp, Mrs. William P. Sauer, Mrs. C. O. Malone, Mrs. C. S. James, Mrs. Thomas Cooney, Mrs. John Flynn, Mrs. Harry Grady, Mrs. Margaret Ogle and Mrs. Catherine Devlin.

This season's bride will pick a simple gown of soft satin, heavy crepe or chiffon with few ornaments. Drooping side panels give oddity and charm to this one.

Goes Farther

A can of Calumet Baking Powder will make more pies, cakes, biscuits, muffins, etc., than a can of most other brands.

It lasts longer — goes farther because it contains more than the ordinary leavening strength — therefore you use less.

When a recipe calls for two teaspoons of baking powder, use two level teaspoons of Calumet, the results will always be the same — perfectly raised bakings — remember this when you buy baking powder and don't forget that Calumet is the economic buy because it goes farther.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound can when you want it.

EPWORTH LEAGUE DELEGATES TO MEET

Thirty One Will be Represented at Gathering to be Held Here June 19 and 20.

Delegates from the thirty one Epworth Leagues of the Jacksonville Methodist District will meet at Grace M. E. church in this city Monday and Tuesday, June 19 and 20, for their annual district convention.

The Grace, Brooklyn and Centenary Leagues of the city will entertain the visitors while they are in town. The district League is a prosperous, growing organization and an interesting program, which will include several prominent speakers, is being arranged for the occasion. The following are the officers of the District League:

President — Rev. Samuel Graves, Jacksonville.

First Vice President — Miss Nina McCarter, Virden.

Second Vice President — Miss Edna Schoneville, Petersburg.

Third Vice President — Miss Elsie Cully, Jacksonville.

Fourth Vice President — Harlan Williamson, Jacksonville.

Secretary — Rev. Otis F. Ivie, Jacksonville.

Treasurer — Glenn Ebrey, Franklin.

Junior League Superintendent for District — Miss Helen Hansen, Jacksonville.

On May 17 the above officers will hold a district "cabinet" meeting in this city, to arrange details of the program of the coming convention. This meeting will probably take the form of a noon day luncheon.

BUILDING ASSOCIATIONS

BUILT COLUMBUS

More than 75 per cent of the homes of Columbus, Ohio, were built with the aid of building and loan associations, according to display advertisements recently carried by these organizations in the newspapers of Columbus. This is a very significant statement, illustrating the tremendous factor in home building that building and loan associations have become. True, the city of Columbus and the state of Ohio are strongholds of the building and loan association movement, but what has been accomplished there is closely approximated by a number of other cities and states. Another important lesson to be gathered from the simple statement above quoted is the power of steady, systematic saving, even though the amount deposited weekly or monthly may be small.

Seven Points of Supremacy

- 1. The sole leather used in "FOOT-FITTERS" is of the best quality obtainable. Even the insoles are cut from standard outside leather.
- 2. "FOOT-FITTERS" are the only shoes in the world having full length vamps and sole leather box toes. This feature prevents ripping at the tip and makes a smooth outer and inner surface.
- 3. The insoles are shoulder channelled so that they fit tightly against the outside. There is no need or room for a cork filler. A small piece of duck is used to prevent squeaking.
- 4. The Calfskin inside counter pocket is of great value, for it saves the wear on the socks. There is no rough surface to rub against.
- 5. "FOOT-FITTERS" heels are 1/4-inch longer than generally used. They give additional support to the arch and increase the comfort and wear of the shoe.
- 6. The vamp is reinforced with 8-oz. duck. This absorbs the moisture from the foot, this keeps the vamp from cracking and holds the shoe in shape.
- 7. "Edmonds" "FOOT-FITTERS" shoes are called "FOOT-FITTERS" because they fit the foot snugly. Built on combination lasts they support the foot like a doctor's hand.

MORE GIFTS TOWARD ILLINOIS COLLEGE FUND

Report Shows \$5125 Added During Past Week—Must Secure \$17,000 More by Commencement Day.

The trustees of Illinois College and a committee of alumni met again for a supper at the Dunlap Thursday evening. The conference was held for the purpose of hearing a report on the progress of the college endowment fund. The report made at the meeting indicated that about \$5125 had been added to the fund during the past week. Among the subscriptions is one of \$1,000 from a St. Louis friend and another of \$1,000 from a prominent Jacksonville banker who had previously made a very generous gift.

Many local friends and alumni have responded favorably during the past few days to the request of the trustees for additional help. The college authorities feel a deep sense of obligation to these friends who are giving a second and some even a third time to the fund. The total given now amounts to about \$358,000 leaving still about \$17,000 to raise by commencement.

CONSERVATOR NAMED FOR JOHN CHERRY

In the county court yesterday, with Judge Samuel presiding, a jury after taking evidence recommended the appointment of a conservator for John Cherry. The court appointed Mrs. Margaret P. Cherry to this responsible position and she has filed bond for \$175,000 with the U. S. Fidelity & Guaranty Co., as surety. Mr. Cherry himself was a witness, as were several physicians.

The jury included Howard Wannamaker, Earl Gardner, E. H. Sheppard, Thomas Majors, C. Justis Wright and James W. Scott.

G. T. S. CLUB OF MARKHAM MEETS

The members of the G. T. S. club were entertained Wednesday afternoon May 10th by Miss Myrtle Paschall at her home near Markham.

As this was the meeting for the election of new officers the following were elected.

President, Miss Myrtle Paschall Vice president, Mrs. R. H. Blimling. Secretary, Miss Mary Wolfe. Asst. Sec. Treas., Mrs. Fred Carter.

Reporter, Mrs. Ross Long. After the business meeting Mrs. Hymes read a paper on Flowers. The remainder of the afternoon was devoted to a social time and delicious refreshments were served by the hostess. Among the guests were Mrs. Wm. Paschall and Mrs. Rachel Peters.

OFFICERS OF STATE STREET CHURCH MET LAST NIGHT

A called meeting of the officers of the State Street Presbyterian church was held Thursday evening at 7:30 o'clock at the church. E. M. Dunlap, the president of the board of trustees, presided and the trustees, elders, deacons and members of the Ladies' Aid society were present.

The meeting was planned for the purpose of talking over the matter of raising funds for the purchase of a manse. A plan has been worked out by the pastor and the board which it is believed will result in a speedy raising of the necessary sum. A letter is to be sent to each member of the church, urging co-operation in the campaign, and it is safe to say that the response will be liberal.

MRS. CAMPBELL'S WILL PLACED ON RECORD

Deceased Planned Carefully For Handling of Estate Thru Period of Years.

The will of Mrs. Suzannah L. Campbell has been filed for probate in the office of County Clerk G. A. Riggs. Mrs. Campbell made her will Feb. 15, 1922, and her signature was witnessed by Mr. and Mrs. George A. Wiseman.

Provision was made for the payment of debts and the remainder of the property is left to Albert C. Baldwin, brother of the testatrix in trust. The trustee is to take charge of the real and personal property for the benefit of the daughter, Grace Leila Campbell, and such advances are to be made for her education as the trustees may deem best. The property is to be held for the ward until she reaches the age of 30 years.

Further provision is made that the trustee in his judgment may use a part of the principal sum for his ward in case of sickness or other unusual circumstances. The right to mortgage or to sell the real estate is also given to the trustee, and further the trustee has authority to pay over to the daughter a portion of the principal sum if this is in his judgment the best course to follow.

When the daughter reaches the age of 30 years all the residue of the property remaining in the hands of the trustee is to be turned over to her.

In case of the death of the daughter before she reaches the age of 30 years, without descendants, the property in the trust fund is to be transferred to Isabel Baldwin, sister of the testatrix and in the event of her death to the brother Albert C. Baldwin.

Still further provision is made so that should the death of Isabel and Albert Baldwin and of the daughter have occurred before the distribution of the fund that the beneficiaries are to be Sarah Baldwin, Dan Baldwin, Allen W. Baldwin, or the survivor or survivors of them.

Albert C. Baldwin is named trustee and executor and in case of death is to be succeeded by Isabel Baldwin or by the Farmers State Bank & Trust Co.

KIWANIS CLUB MEN HEARD TWO SPEAKERS

J. B. Maling Discussed Freak Legislation—Editor of American Boy's Magazine, Had Reading For Theme.

J. B. Maling of New Haven, Conn., and William Heyliger, an associate editor of the American Boy Magazine, made the principal addresses at the Thursday luncheon of the Kiwanis club at the Peacock Inn. The winners of the attendance prizes for the day as announced by President Farrell, were Father F. F. Formax and G. B. Andre. Mr. Maling had as his theme "The Origin and Effect of Freak, Special and Class Legislation."

The speaker made the charge that at least 80 per cent of legislation proposed in congress could properly be referred to as "freak, special or class legislation." The speaker gave some interesting facts of congressional history to show the methods and influences used occasionally to put thru legislation of the kind referred to.

Mr. Maling looks upon the immigration question as one of paramount interest and believes that some of the unsatisfactory conditions that have come to pass in the cities have resulted because the proper safeguards were not made with reference to immigration.

The speaker made the assertion and brought forward facts in proof, that the distillers of the country worked for war time prohibition because they thought that they would receive an increased price for stocks on hand and that there would be no trouble later on about the resumption of business.

Mr. Heyliger spoke briefly, talking particularly about the effect of books especially upon useful lives. He gave some notable examples from modern literature to show just how books have definite value in the formation of character and habits of thought.

In addition to the speakers the guests of the day were Father Smith of Franklin, Mayor Crabtree and Elmer Snyder of Jacksonville and Zina Clough of Minneapolis.

AUTHOR OF JUVENILE BOOKS MADE ADDRESS

The pupils of the Jacksonville high school enjoyed to the full measure an address given Thursday morning by William Heyliger of the editorial staff of the American Boy Magazine. The speaker has written many juvenile books and holds a high place as an author in this class of writing.

His theme yesterday was "What Reading Does to You," and the important subject was presented in a way which held the attention of his young auditors and left with them the thought that he hoped to emphasize.

CHAPIN WOMAN'S CLUB IN REGULAR SESSION

Mrs. H. O. Smith Entertains Club
Members at This Week's Meet-
ing—Other Chapin News Notes.

Chapin, May 11.—Mrs. H. O. Smith very pleasantly entertained the Woman's Club Tuesday afternoon at her country home.

There were fourteen members and five guests present.

Owing to the absence of both president and vice president, the meeting was called to order by Mrs. Tucker. Well call was responded to by Current Events.

Mrs. Hess read a very interesting and well prepared paper on the University of Illinois, and a social hour followed during which the hostess served delicious refreshments.

Mr. and Mrs. Gus Onken, Mr. and Mrs. Fisher and son William and Mr. and Mrs. Clark motored to Beardstown the first of the week to see the results of the recent flood.

Little Orma Delps is very ill at her home with pneumonia. Her grandmother, Mrs. Smith of Jacksonville is at her bedside.

PLEASANT HOUR CLUB MET

The Pleasant Hour club was delightfully entertained by Mrs. James Cridland Wednesday afternoon. There was a good attendance of members, one new member and a number of guests being present. At the close of the program the hostess served delicious refreshments.

George Hebronymous and William Watt of Winchester came up to town to trade yesterday.

USE CAUTION IN WORKING HORSES

Sudden Coming of Hot Weather
Has Caused Many to Become
Overheated.

All persons using horses and especially farmers should be cautious in working the animals during the present spell of hot weather.

All of the veterinarians in the city have been busy the past few days looking after horses that have been overheated. The backward weather has thrown farmers behind with their plowing and other spring work.

In the their haste to catch up many have worked the horses too hard. This is especially true the sudden change in weather from a cold and chilly atmosphere to summer heat.

All horses are soft from the slack work during the winter months, many having spent the time on pasture. They have not shed their winter coats and hence are more susceptible to the heat. A little care for the next few days may save many good animals.

Just one Oscillator ELECTRIC WASHER left at \$82.50.

BARGE LINE FROM MINNEAPOLIS TO GULF

Will be resumed this year after
many years of quietude Oper-
ated by E. F. Goltra of St.
Louis.

Minneapolis Minn.—Barge line river service from Minneapolis to the Gulf of Mexico is assured this year, resumption of traffic by water following many years of quietude. At least two, and probably a third barge line service will operate with Minneapolis as its northern terminus. One will operate between this city and LaCrosse, Wis. and another will make the trip to New Orleans.

Assurance of the barge service was predicated on action of the Minneapolis city council in approving the levee here and giving authorization for the erection of a warehouse on the municipal levee.

One veteran river pilot who is delirious of running a barge line from this city to New Orleans declared the river is in better condition for navigation today than it was thirty years ago. He plans on taking flour on the trip down. Another company guaranteed the council committee recently to bring coal barges up from the south. Both sources state that barges are under construction to carry out their proposed barge service plans.

Pending also is government action for dredging the Mississippi for a six foot channel on the upper river, which after passing the House is awaiting its fate in the Senate. The government barge line service operated by E. F. Goltra of St. Louis from that city to New Orleans, has been ordered to extend its line to Minneapolis, also, and should the river improvements take place this year, it is probable other packet lines will steam the Mississippi from here.

FLOODS IN THE MISSISSIPPI VALLEY

—BY—
FRANK P. NORBURY, M. D.

Dr. Frank P. Norbury has contributed the following article concerning Illinois River flood conditions. Comparatively few people are familiar with the fact that Dr. Norbury was for five years in the U. S. engineers' corps engaged in Illinois river improvement, and he therefore has some first hand knowledge of conditions which make for floods. The article coming from Dr. Norbury's pen will have special interest:

The present flood in the Illinois river water shed has been unprecedented within the life span of the oldest inhabitant. Up to this year of 1922, the flood of 1844 has been the one high water mark to which local history has pointed as the highest since Illinois was open to settlement. And yet, as one reviews the facts of history, as gleaned from the records

of early explorers, and traditions of the Indians who formerly occupied the territory of the great Mississippi Valley, similar floods have occurred in the past two hundred years, some of which doubtless exceeded the present flood now reeding and finding its way to the gulf.

Naturally, the question has been in the minds of the people in general, and those resident within the immediate flood areas in particular, how came this flood and what can be done to prevent similar floods and how to guard against such devastation should they occur again?

In order to attempt to answer these questions and to have a comprehensive view of the enormity of the problems involved, we have to go back to fundamentals, review our physical geography of the great Mississippi valley; to delve somewhat into climatology, and then, with this data, apply certain definite engineering principles to the problems in hand, then we may arrive at provisional answers. Yet, from an engineering viewpoint, one is disposed to say, how inadequate is mere man to cope with such cataclysms unless all of the component factors are studied with a much broader point of view than those voiced by some engineers in recent newspaper interviews.

First, let me impress the fact that this flood is not of purely local origin, nor purely local in effects, disastrous as they are, to the local economic social and industrial affairs of the people concerned.

Second, the conditions which made possible such disaster, fundamentally are first, the physical geography of the water shed of the Mississippi River; second, climatologic conditions of unusual severity, marked by excessive precipitation both in the form of rain and snow, within the area of the water shed, and occurring within a comparatively short range of time. The snow fall, the rains descend, the grounds become saturated, and true to form, the excess flow of water sought its own level; the result, an overflow of the smallest to the largest streams as their waters sought their natural outlet on their way to sea level.

Consider, if you can, that this excess precipitation covered the whole water shed of the Mississippi River, with its thousands of natural outlets all sending their contributions to the larger tributaries of the main stream, and they in turn rushing their excess load on to the Mississippi, which within its limits, is now endeavoring to discharge, its burden into the gulf. It is a simple problem in engineering, after all, given a stream of certain normal capacity of discharge water, covering a known estimated area in its water shed; add to this normal an excess of known estimated quantity of water falling within this area the height of the rise and the adjacent grounds to be submerged can be told. The factors entering into these equations have been worked out in true scientific manner.

This is what happened in this flood. An excess of precipitation beyond normal average capacity of the streams to carry it off, with an accumulation in the whole water shed, the result of an unprecedented flood.

Let us analyze these factors and see if our conclusions are not true. To begin with, the Mississippi River water shed extends into 29 of the 48 states of this country, some wholly, some partially, within this area. It covers practically nine-tenths of the North and South dimension of the United States, covering a range in latitude from thirty degrees to forty-seven degrees North, and in longitude from eighty degrees to one hundred fifteen degrees West; in climatic range, mean annual temperature, from plus fifty degrees to minus forty degrees Centigrade, and with a mean average precipitation per annum from 53.9 in Louisiana and 42.9 Penn., to 26.2 in Minnesota, 14.9 Colorado, 14.8 Montana.

Now, we can understand in part at least that if certain climatic conditions cause precipitation in excess of normal, mean or average, all over this vast area, this trouble is sure to follow when the waters from all of these streams seek their several ways to the level of the sea.

We know that there was an excess of snow fall in the north this past winter; rain falling upon snow is most destructive. We know that during March and April there was an excess of rain fall throughout the Mississippi Valley, and, true to form, flood conditions were developed which involved all of the streams, and especially those in the North Central States, the East, and several West Central and the South Central States, flood conditions were especially severe in the States east of the Mississippi River.

Local flood conditions, quite extensive in fact, can prevail without involving other areas. As, for instance, floods in the Ohio water shed, without involving the Illinois, Missouri or upper Mississippi, without involving other territory. But the coincidence of flood conditions in all of those areas, some large, some small, in their accumulation, made the sum total beyond the experience of the oldest living inhabitant, especially in the Illinois River Valley.

The question may be asked here, have there been other floods of like magnitude in the Missis-

sippi or Illinois water sheds? The answer is yes. As far back as history extends and by tradition and evidences on bluff formations back to the time of the Indians and the Moundbuilders. Over 250 years ago, Marquette, Joliet and LaSalle navigated the waters of the Wisconsin, Mississippi and Illinois.

All of these streams were evidently at flood time when some of their voyages were made. LaSalle described the site of Beardstown as a "Mound Village," surrounded by water. The first authentic record of floods in the Western rivers was made in 1725; other floods are recorded as occurring in 1772 and in 1875; the latter was the greatest known up to that time. In 1786, the Ohio attained a height of 59 feet above low water. In 1792 occurred a flood that was as great, if not greater, than the present flood of 1922. The Ohio reached 63 feet. The Illinois river had no historical records until 1826, at which time a flood, said to be the greatest in forty years occurred. In 1828, another flood greater than that of 1792. In 1836, the flood in St. Louis reached 54 feet, which was ten inches higher than previous records. In 1844 occurred the highest flood ever recorded for all Western rivers. (a condition very similar to 1922), and is the flood height to which all refer as the greatest in the history of the Mississippi Valley since records were kept. Yet, in point of fact, the flood of 1792 and others were of equal magnitude.

Floods have always occurred at irregular intervals ever since the Mississippi became a river. The floods of 1849, 1851, 1858, and onwards have varied in severity and extent. That in 1883 attained near a point of epoch marking, when a stage of 21.35 was reached. That of 1844 was 22.4. In 1913 a stage of 21.7 was reached and in 1920, 21.3. The crest of 1922, was reached April 21st, when 25.1 was recorded. This is the highest mark ever attained within the limits of the history of the Illinois River Valley. And yet, evidences exist in the bluffs along the river that indicate even higher ranges have been reached within the history of habitation of the bluffs.

Now remains one more question; what effect, if any, has the discharge volume of water from Lake Michigan upon flood stages in the Illinois River Valley?

I would say in comparison, it would be like placing three or four reams of tissue paper on a table and adding one more sheet to increase the magnitude of the volume of the paper; or, of adding a teaspoonful of water to a rain barrel already full, it might spill over. What effect, if any, do levees have in affecting the conditions of the flood? My answer would be, very minor, negligible, in fact, except locally. As evidence, I was in Beardstown when the levees broke south of town, a fall of 8.9 inches ere the waters covered the lands within the confines of these levees. It took about seven hours to fill this area up to flood stage of the river; then within the next five hours the river reached the level existing previous to the break, and kept on going up.

One has to think in large numbers, large areas, when considering floods, and especially of rivers like the Illinois, the Ohio, and the Mississippi. The United States Engineering Corps has devoted years of study (notably the work of the Mississippi River Commission) to the problems of the great stream; some have been solved. The team has been harnessed in places, but its turbulence will never be overcome.

Eades solved the problem of handling its discharging waters into the Gulf so as to make New Orleans a port of entry for sea-going vessels. But, as floods will come and floods will go, in this great valley, as long as present day climatic conditions exist, it will remain, therefore, for the genius of man to solve the problems which modern industrial, economic and social conditions impose, upon the inhabitants of these valuable productive valleys, whose commercial highway and industrial centers are parts of our present day civilization. Each generation, however, will have to meet not infrequently the formidable ravages of floods in proportion to the climatic conditions which contribute to the excess rain or snow fall. The terrain we know will not change and while climatic conditions may, as Huntington has shown in his classic work Climate and Civilization, yet several thousand years will probably intervene before the inhabitants of the Mississippi Valley will be visibly affected thereby.

Life Insurance as Collateral

Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.

Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000. \$500 a year for ten years; upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.

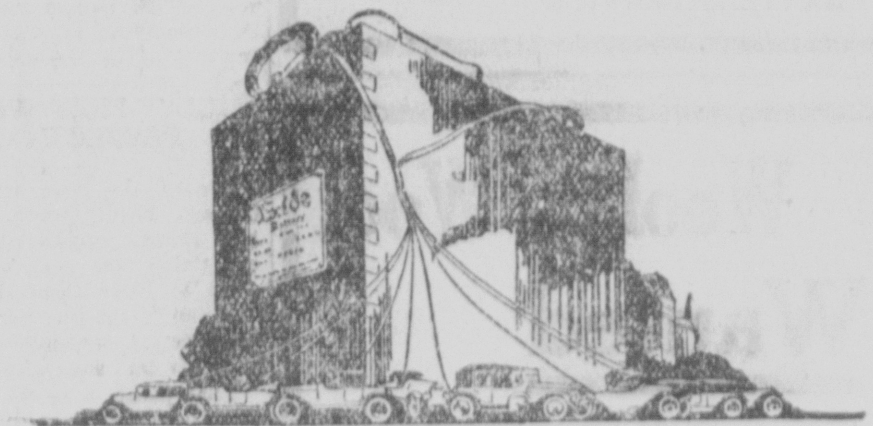

Ald line life insurance is a savings as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.

Meanwhile, the properly insured man knows he has taken the wise and prudent course.

The toy symphonies which appear on this program will prove interesting not only because of being novelties but because of the splendid rhythm training the children demonstrate. In the Kitchen symphony the instruments are entirely kitchen utensils with the exception of the piano, while in the Kindersinfonie the instruments consist of piano, violin, bird calls, drums and various toy instruments. In the remainder of the program each teacher is represented by two or more pupils and it is therefore representative of the work done in the department.

"UGLY" FEET WIN A PERFECT FOOT PRIZE

One of the prize winners in the Chicago Beauty-Mart Foot Contest had always considered her feet so ugly that she was only prevailed upon to enter them in the contest "for fun." Imagine her surprise and pleasure at winning and learning that her feet were almost perfection.

JACKSONVILLE A City of 30,000

Jacksonville, Ill., July 3, 1930

Jacksonville to the FRONT!

At last our city can study the census report with pride in her progress.

With the extraordinary increase of 76 per cent in population the past decade, we have kept pace with Decatur whose increase was slightly less than ours.

To the acquisition of the various new industries on the outskirts of town; to the development of home building thru both Loan Associations and private enterprise; to the active cooperation of her business men in their aggressive expansion of trade territory; to these and minor factors is Jacksonville indebted for her new life.

Aggressive enterprise—the vitamine of city growth elsewhere—pushed farther and farther the radius of our trade territory as the opposition to new ideas, simply because they were new ideas, was gradually overcome by the almost constant proof of their success.

We acquired our new industries when we realized that we had to get up early in the morning and go after them instead of waiting for "the Mountain to come to Mahomet."

Among our new industries—the Brown Shoe Factory, the O'Brien Boiler Works and the Reliance Mfg. Co., all of which were turned down between fifteen and twenty years ago, are now important spokes in our industrial wheel and are attracting more residents to the city.

The growth of our recreational facilities are no less remarkable. The great development of our theatres, the bathing beach in Nichols Park, our rest-room and new auditorium bespeak the advantages of progress over fossilism.

We are now on the threshold of still greater growth and Jacksonville stands ready to advance

For Which JACKSONVILLE Do You Stand?

We've never lacked the courage to express our frank opinions regardless of business or any other reasons.

A certain committee charged with initiating and promoting plans for Jacksonville's business growth and development, adopted a plan similar in principle to plans employed chiefly by churches in this and other cities.

With sixty odd business men pledged to its support, and a score or so on the fence, a round bakers dozen by raising a dissenting voice not only kept themselves in check, which, of course, they had a perfect right to do, but insisted that the sixty or more be kept in check also, which, of course, they had no right to do.

The progressive group after proving the logic of the plan and vainly awaiting logical objections from those opposed to it, graciously dropped the plan for the sake of unity. This was sportsmanship and all true progressives are sportsmanlike but this is not an essay on sportsmanship but a few words about progress.

New industries have been restrained and discouraged thru the operation of the same principle and if constructive ideas and movements are to succeed, personal indifference and dissent must be subordinated to the encouragement of progressive enterprises which the majority believe to be worthy of experiment.

If we stand for a greater Jacksonville, let's consider discuss and ACT.

dinner was enjoyed at noon, and the afternoon was spent with various games. Miss Sallie McKinney has been teacher for the past few years. Miss McKinney has proved a very capable teacher, and patrons of the school are glad to

know that she will serve for another term. Mr. Moss of Jacksonville will teach the advanced room.

Mrs. Leo Crouse has been very sick for the past few days. A large crowd attended Mother's Day at the Christian church last Sunday morning.

The Missionary Society of the Christian church met last Thursday at the home of Mrs. H. L. Gordon. There was a good attendance and the meeting proved

a profitable one. A pleasant social hour closed the afternoon and delicious refreshments were served. Mrs. Gordon, was assisted in entertaining by her daughter Mrs. Mabel Heaton.

WHEAT WENT STRONG IN PRICE THURSDAY

By Associated Press.
CHICAGO, May 11.—Wheat went soaring in price today and for May delivery sowed an overnight gain of 7 1/2c a bushels. Enthusiasts for a higher range of values concluded that the heaviest deliveries likely to be witnessed here this month had been met and that today's results were evidence that buyers had lost control of the market. Closing quotations were 20c to 2 1/2c higher with May \$1.45 to \$1.45 1/2 and July \$1.20 1/2 to \$1.21. Corn finished 1/2c to 1 1/2c up and oats gained 2 1/2c to 3c. In provisions the outcome varied from 2c decline to 70c advance.

It was a runaway market in wheat today especially during the final dealings. Leading owners of contracts calling for delivery of wheat this month were credited with adding to their holdings and with having put in a great deal of business. The latter have been making heroic efforts to bring wheat here from other big centers, Kansas City in particular.

The shorts succeeded in delivering 1,200,000 bushels on May contracts this morning with the aid of a recent emergency ruling but traders who on that account looked for a lower market were promptly disillusioned.

Scarcity of wheat offerings in the trading pit became quickly apparent, and with talk current that much of the wheat delivered would soon be loaded out on vessels to shipment east the market tended decidedly upward the rest of the day. There was gossip also that big financial interests in the east were identified with the buying side and that export business on a liberal scale was in progress. Advances that the allies had approved, an Argentine credit to Germany and that the Russian answer at Genoa was favorable to a better understanding with the other European powers counted also in some degree as bullish factors.

Provisions averaged lower with hog values. Trade in pork was negligible in amount.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, May 11.—Choice grades of wheat were in good demand today with premiums and discount firm. Domestic shipping sales here were 10,000 bushels. The seaboard sent word that 500,000 bushels of wheat and 600,000 bushels of rye were taken for export.

The cash corn market closed 1/2c to 3/4c higher with demand good for contract grades. Domestic shipping sales here were 60,000 bushels. The trading basis was unchanged to 1/2c better, except for No. 3 mixed which was unchanged to 1/2c lower. The seaboard said some corn was being worked for export.

Oats were in good demand and the market closed 1/2c better. Premiums were unchanged to 1/2c better. Shipping sales here were 145,000 bushels including 20,000 bushels to exporters.

Car lot receipts: Wheat, 329; Corn, 150, Oats 120.

MARKET BROADENED AS VALUES RECEDED

By Associated Press.
NEW YORK, May 11.—Professional selling for both accounts characterized the greater part of today's enlarged operations in the stock market making the fourth consecutive session in which reactionary tendencies prevailed. The entire list experienced a sharp change in the final hour when rumors of a merger of the Bethlehem and Lackawanna Steel companies, which later were confirmed resulted in heavy buying of those and affiliated shares.

Lackawanna led the group at a net gain of seven points, Bethlehem rising 12 and Republic from three with advances of 1 to 2 points in other so-called independent steels.

Contrary to recent movements the market broadened as values receded. There was also a considerable selling of seasoned, or representative, railroad shares, notably the trans-continentals and several coalers.

Sales amounted to 1,350,000 shares. The money market was easy reversing recent tendencies. Call loans dropped to 3 1/2 per cent at midday and time funds were more freely supplied but all the longer maturities held firm.

Trading in the principal foreign exchanges was dull and the irregular tone of quotations reflected further doubt respecting the outcome of conditions at Genoa.

Virtually all Liberty bonds closed at nominal recessions. Total sales (par value) aggregated \$16,473,000.

Chicago Livestock Market

By Associated Press.
Chicago, May 11.—U. S. Bureau of Markets—Cattle—Receipts 13,000. Beef steers steady to 10c lower, top \$9; bulk beef steers \$7.75 to \$8.50; stock steers to 15c lower. Spots off more on in-between grades, bulls weak to 10c lower; veal calves 25c to 50c higher. Stockers and feeders dull; bulk beef cows and heifers, \$5.75 to \$7.15; bulk bologna bulls around \$5; veal calves mostly at \$9; best packers \$9.50, to outsiders \$10.25.

Hogs—Receipts 28,000. Opened 15c to 25c lower than yesterday's best time, 10 to 25c lower than yesterday's average, closing weak, lights unchanged others 10c to 20c lower; pigs steady to 15c lower; top \$10.25 to \$10.50; shipper took 1,500; holdover liberal.

Sheep—Receipts 10,000. Mostly steady; undesirable kinds dull, good and choice California spring lambs \$15.50; seconds at \$12.50; top shorn lambs \$13.90; bulk \$13 to \$13.75; choice Colorado woolled lambs \$15.50; fat ewes mostly \$5.50 to \$7.50.

SEWER COMMITTEE WILL MEET TODAY

Special Body Will Make Report on Progress Made—Await Opportunity to Present Matter.

The sewer committee of the Chamber of Commerce has been called together for a meeting to be held this afternoon at 4:30. The meeting which will be held in the Chamber of Commerce Rooms has been called by Chairman J. F. Claus.

The question of an adequate sewer system for Jacksonville is one of the most important of the many community subjects that have been before the Chamber of Commerce during the past year. The committee has the work well in hand and members have made a number of trips to nearby cities to investigate the plans where new sewer systems are being installed. They have consulted with sanitary engineers and have now formulated their report to be presented to the board of directors at the next regular meeting.

The Citizens of Jacksonville as a whole realize that if the city is to progress in the future and is to keep its place among the leading cities of Illinois, it must have a first class sewer system as one of its most important and necessary assets. The committee is getting the necessary data together and is awaiting an opportunity to present it to the citizens of Jacksonville.

WILL COUNT THE BALLOTS TONIGHT

The special election committee of the Chamber of Commerce which will count the ballot for the primary election of directors will meet in the Chamber of Commerce rooms this evening at 7:30 P. M. They will proceed to determine who are the twelve nominees for the board of directors, the final election of which will take place on Thursday, May 11th.

The primary ballots were sent out Wednesday morning and are being returned to the Chamber of Commerce headquarters. Under the bylaws of the organization the 12 directors are to be nominated and one week from the day of nomination 5 directors are to be elected. All the ballots must be in the Chamber of Commerce headquarters by 7 P. M. today in order to be counted. The special election committee in charge of the annual election consists of A. R. Taylor as chairman and W. G. Goebel, C. E. Hudgin, Hugh Breeden, and Fred Darr.

GIVES HISTORY OF MUSCLE SHOALS

Was originally known as Mussel Shoals—Purchased by Cypress Land Company in 1818.

FLORENCE, ALA.—From 1818 till about 1876 the shoals on the Tennessee river here were known as "mussel Shoals," according to maps of original survey, and historical data of original and authentic character possessed by John B. Weakley, Birmingham lawyer and capitalist and former resident of this community.

Mr. Weakley's parents and grand parents resided here and handed down to him a wealth of historical information, which he has displayed to set at rest a controversy that has arisen over the original spelling of "Muscle Shoals."

This data, according to Mr. Weakley, shows that the Cypress Land Company purchased the land about Muscle Shoals from the government March 13 1818 and the first white settlements were recorded that year, followed by an influx of settlers the next year. At that time, the survey showed the shoals section of the river as "Mussie Shoals," the name being given the rapids by reason of the great quantities of the edible bivalve, mussels, found in and along the stream, these records appear to indicate.

"I have often heard my grandparents tell of mussels being hauled out by the wagon loads," declared Mr. Weakley. This was the same mussel that was once so abundant on the Mississippi river and from the shell of which in earlier days many "pearl buttons" were made."

Mr. Weakley accounts for the partial disappearance of the mussel from the stream as a result of floods and the encroachments of civilization.

When the government undertook to complete the Muscle Shoals canal about 1876, the data in Mr. Weakley's possession shows, engineers changed the name from "Mussel" to "Muscle" on government records and it has so stood. This was not by design, but by accident, in Mr. Weakley's opinion.

Mr. Weakley possesses a map which he said was made 100 years ago. This shows the spelling "Mussel." Several copies of this map are matters of record in the community, Mr. Weakley said.

Government records, insofar as they are available, show the spelling "Muscle Shoals."

Since Muscle Shoals became a national issue, discussion of the name has created numerous reports.

It was contended by army engineers that the name never had been altered and that it originated from an Indian story. "heap, big Muscle" required to pull canoes over the rapids in the river at this point.

Another story that came from the Indians was that the shoals at that point in the river resembled the biceps, or muscle on the arm.

HAS MADE PROPERTY INTO AN APARTMENT

The residence property at 414 East State street, belonging to Illinois Woman's college is being remodelled into apartments. When finished the house will contain three separate apartments. The east side of the first floor is one suite and a separate entrance has been made at the west, opening into the other downstairs apartment. The upper floor is one apartment and a porch has been made for the use of the residents of its suite of rooms. Miss Nellie Knopf, of the college faculty will occupy one of the apartments.

Mothers' Day flowers telegraphed all over the world.

CONGREGATIONAL BROTHERHOOD

Attention is again called to the meeting this evening of the brotherhood of Congregational church. It will be the last meeting of the season and a good attendance is especially desired. Rev. M. L. Pontius will be the speaker and will have something choice to offer all fortunate enough to be present. Supper at 6:30.

LYNNVILLE SCHOOLS CLOSED

The advanced room of the Lynnville school closed last Friday. Mr. McKean took the pupils to the woods and spent the day where a picnic dinner was enjoyed at noon.

The primary room closed on Friday. The pupils of this room gave an interesting program of songs, recitations, dialogues and solos at 11 o'clock in the morning. The program was a Mother's Day program in honor of the mothers of the school.

At noon a basket dinner was served on the lawn. About sixty-five were present to enjoy the program and dinner. The afternoon was spent in playing games and in contests. Miss Sallie McKinney is the teacher of the primary room and she has been re-employed to teach the coming term. Next year will be Miss McKinney's seventh term in this school.

Mr. Harlan Moses of Jacksonville has been employed to teach the advanced room the coming term.

C. P. Hedrick of Meredosia was transacting business here Thursday.

FAIR DIRECTORS WILL MEET TONIGHT

President Reed has Called Meeting to Decide Upon Premiums to be Offered at the Coming Fair.

There will be a meeting of the directors of the Morgan County Fair Association this evening at 7:45 o'clock in the Chamber of Commerce rooms. The meeting is being called by President L. A. Reid for the purpose of passing on the premiums to be offered at the coming fair and to dispose of other important matters that have come to the attention of the board.

The department heads have been revising their lists and practically every department is now completed and is now ready for the approval of the board. The work on the race course is progressing rapidly and a gang of men have been steadily engaged for the past ten days in rebuilding the track. It is the ambition of the racing department to have one of the best tracks in the state for the Morgan County Fair to be held here the week of August 28th.

This is CLEAN-UP and PAINT-UP week and we have everything in that line.

HIS MESSAGE

This little poem was written by Mrs. Clinton G. Smith, sister of Mrs. Fletcher Hopper.

To think that there could be a lovelier world than ours!
Could anyone dream such a self-fish dream
When peach trees wear the soft ethereal pink of vaguer lands,
And vie with the pale, lacy mist of white plum flowers?
When leaves of the first tender shade
And rolling fields of deeper green
Are telling us, each one, what God has made.
For us to love?
It makes me think of a shy country girl
Who, in her shyness, pats a little curl low on her brow.
Then bolder, with abandon grows,
And dons completely, her gay city clothes
Perhaps, when the earth picture is complete,
If we could be a little finer in our souls,
And strive a little less toward weaker goals
Our heaven and earth might meet
In birds, and trees, and blossoms sweet—

FORMER RESIDENT RUNS DOWN BOY

Thomas R. Marshall, formerly of this city, but now of Chicago, had the misfortune to run over a small boy Tuesday while driving an auto for the Yellow Cab Company there. Mervin Lendecker, the five year old lad who was injured, had just jumped from the rear of a ice wagon to the pavement directly in front of the car, when he was hit by the yellow cab.

The boy was taken to Havenswood Hospital in Chicago, and is believed to be seriously injured. However, Mr. Marshall was not held responsible for the accident as he could not avoid it. He has numerous relatives living in this community.

PULLS WHEEL OFF CART

A cart load of ashes, which was being hauled west on West State street Thursday afternoon had one wheel astraddle of the street car track. As the driver attempted to pull out for the coming street car the wheel caught, and was pulled off, thereby throwing the two men who were seated on the cart to the pavement. However, they escaped injury and the traffic police soon cleared the way for traffic again. The accident took place in front of the Cully Coffee Company's store.

DWIGHT THORNE GETS NEW JOB

Dwight Thorne, employed at the local office of the American Railway Express company has been assigned to a messenger run on the Wabash railroad, between Decatur and Hannibal, Missouri. Mr. Thorne will be missed by the boys but all are glad of his good fortune.

Mr. and Mrs. Lester Hunley of Havana are spending the weekend with friends in the city.

Henry Hinnens of Meredosia came to town on business Thursday.
